SCOUTS RETAIN HIGH RATING

Interest Of Troops In Work Cited As Finance Campaign Enters Second Day

El Dorado County Boy Scouts are retaining their high standing in the area council troop index ratings, it was revealed Tuesday as the ratings as of October 31 were received in Placerville.

Diamond Springs troop, with Charles Doe as Scoutmaster, leads all troops of the entire area in fulfillment of the Scout program with a total of 6,100 points out of a possible 10,000. Tied with Diamond Springs is Sacramento Troop 36.

Camino Troop and Placerville Troop 57 are tied with other troops in the area for third place standings, with 5,800 points and Placerville Troop 67 is tied with one other troop for fifth place in the ratings with 5,400 paints.

"This is a demonstration of the interest in our Boy Scouts in the activities which the movement affords them," declared John H. Palmer, chairman of the local Scout finance campaign which is now under way.

"It is also a challenge to all friends of Scouting and particularly to the volunteer workers in the finance campaign, to make every effort to provide funds which will permit active development of the Scouting movement in our county.

"Campaign workers have the names of a large number of citizens whom they will personally call upon in the campaign and we invite any person who is not visited and who wishes to contribute to the campaign, to send in his subscription. They may be addressed to me at the grammar school."

Mr. Palmer again pointed out that there is no "quota" and that no definite "pledge," as far as an amount is concerned, is sought. Any contributions to the support of the movement in any amount will be received.

Snow, Rain, Cold In Middle West

Denver Registers Six Degrees Above Zero; Chill Sweeps From Minnesota To Texas

By UNITED PRESS

Cold, snow and rain prevailed between the Rockies and the Mississippi today as the nation voted to decide congressional and state elections. The weather was summerlike in some eastern states.

Eight inches of snow were reported in sections of Colorado, Wyoming, Montana, Colorado and Iowa. Light snows and rain fell in northeastern Illinois and southern Wisconsin.

At Denver, where the temperature dropped to six above zero, the snowfall was six inches. Temperatures across Nebraska, the Dakotas and Minnesota ranged from 15 to 25 above while readings hovered just below freezing in Texas and Oklahoma.

Rain was reported generally from eastern Texas and Oklahoma eastward across the lower Mississippi valley, also in the extreme lower Missouri and lower Ohio valleys and most of the Great Lakes region.

MEN'S CLUB "VOTES" ON PROPOSITIONS MONDAY NIGHT

The Men's Club of the Federated Church "voted" on the twenty-five election ballot propositions at its regular meeting Monday night at the church parlors, when members of the club discussed the several questions presented.

In addition to the discussion by laymen and other club members, Donald McGregor, attorney for the California State Automobile Association at Sacramento, was present at the invitation of Frank R. Hull, local association agent, and spoke in behalf of Proposition 3 and 4.

The meeting, as conducted by President Robert Ramsey, heard a talk by one of the members concerning each ballot proposition, and then the matter was thrown upon for general discussion, which was limited as the evening advanced, owing to the great number of propositions to be reviewed and due to the fact that to linger too long on one matter might prolong the meeting until an unseemly hour.

FRED T. HALE IS SUMMONED

Last Rites For Well Loved Former Placerville Man Will Be On Wednesday

Fred T. Hale, former Placerville resident and a retired grocer of Oakland, passed away Monday night.

This is according to word received by T. F. Lewis from George Hofmeister on Tuesday morning.

Mr. Hofmeister reported that last rites will be held on Wednesday morning at Oakland.

Friends had known that Mr. Hale had been seriously ill of recent weeks but the announcement of his passing came as a shock to a great number of the older residents of the community to whom Mr. Hale was known intimately and by whom he was well loved.

Recalling his activity here, friends recount his resemblance to former President Taft, for whom, it is recalled, he was almost a double.

Mr. Hale was a native of Volcano, Amador County, and his father was engaged in mining at that place. Later the family moved to Placerville and the deceased spent his boyhood and early manhood here, attending the old academy.

His father was superintendent for the old water company here, having control of the big ditch, and also was interested in mining.

Upon leaving school Mr. Hale was employed in the men's furnishings department of Mierson & Jewel for many years and gave up this post when his father's health failed and the family moved to Oakland.

Mr. Hale subsequently established his own grocery store and conducted the business for many years, retiring about four years ago. He was about 73 years of age and is survived by his wife.

Grammar School Closed In Heating Failure

Placerville Grammar School pupils enjoyed an unexpected vacation on Tuesday when the school heating plant failed to function and officials decided it was better to dismiss classes than risk the chance of the children catching cold.

According to Principal J. H. Palmer, an oil line leading to the furnace became clogged and was the center of the difficulty. Classes will meet Wednesday as usual.

CALLANDER, Ona. (IP)—The Dionne quintuplets, who seldom do anything singly or by halves, all will have their tonsils removed and adenoids taken out tomorrow. Dr. Allan Roy DaFoe said they had been suffering from colds at frequent intervals.

Time Bomb In Ship Blast

Fouled Anchor Delay Given Credit For Failure Of Boat To Sink In Mid-Bay

OAKLAND, (IP) — A black powder time bomb, probably suspended from the side of the ship, was responsible for the blast which tore a hole in the Nazi steamer Vancouver in the Oakland estuary last Thursday, investigators concluded today.

Thirty G-men, police and investigators from the Alameda county district attorney's office announced their findings after a second inspection of the Vancouver's hull.

Cargo of lumber and fruit from Pacific northwest points was being removed after salvage crews succeeded in getting the steamer off the mud where it settled in shallow estuary water alst Thursday.

District Attorney Earl Warren said findings so far showed that a fouled anchor caused a 15-minute delay in the ship's sailing down the estuary into the bay proper. Had it not been for this fact, Warren said, the ship with her crew of 75 and several passengers, would have sunk in mid-bay.

Camino Lady Fractures Arm While In Bed

Mrs. Mary Ligman, of Camino, was removed to a hospital in Placerville Monday afternoon after she had suffered a fracture of the right elbow while in bed at her home Saturday night.

Mrs. Ligman has not been well for some time and lately has been confined to her bed. While endeavoring to place a glass of water upon a bedside table, she wrenched her right arm in such a way that it was fractured at the elbow.

LARGEST VOTE IN HISTORY SEEN IN STATE'S ELECTION

Placerville Precincts Register Slow Start During Forenoon; State-Wide Vote Will Represent About 70 Per Cent Of Total Registration, Estimate

Voting in Placerville was especially light during the forenoon when considered along with predictions that between seventy and eighty per cent of the voters will participate in today's voting.

In a survey made at noon, Precinct No. 10 had 135 votes cast out of a 490 registration; No. 9 had 94 votes in a registration of 336; No. 36 had 80 votes cast in a registration of 369, and No. 8 had 168 votes cast, with a registration of about 500.

BOURBONS HOPE

SAN FRANCISCO, (IP)—California's largest vote in history was predicted today as the electorate decided the fate of a $30 every Thursday pension plan and decreed whether the Republican state administration should remain in office.

At least a 70 per cent vote was expected by election officials as the result of New Deal endorsements from Washington, renewal of the 1934 liberal-conservative battle, nationwide interest in the "ham and egg" pension, and strife in the ranks of labor. The weather forecast was "fair and mild."

An unprecedented margin of 850,000 Democrats gave the Bourbon hope that the 45 year reign of Republican governors would end with victory for state senator Culbert L. Olson over bald Governor Frank F. Merriam. Republicans were confident Merriam could offset the 2 to 1 democratic edge as he did against a smaller margin in 1934, when he defeated socialist Upton Sinclair.

Betting odds were reported even on the gubernatorial race.

The pension plan outcome was almost unpredictable, although betting commissioners quoted two to one odds against passage.

Flag Is Furled As Schafhirts Start Vacation

Dr. and Mrs. J. B. Schafhirt, of Whitehall, called in Placerville to make their annual contribution to the support of El Dorado County Boy Scouts, and attend to other business matters, on Tuesday morning prior to beginning an extended vacation.

The Flag which always floats from a staff at Dr. Schafhirt's Whitehall home has been taken down and put away, but the replica of a Civil War cannon still stands guard in the canyon.

Dr. and Mrs. Schafhirt will go to Oakland, thence to San Diego, and finally to Florida for the Winter. In the Spring they will attend the New York World's Fair and in the doctor's own words, "if things look good in Europe, we'll go to England."

R. R. CHANGE IS OPPOSED

Trustees Ask That Hearing Be Kept Open; C. Of C. Will Join In Opposition

Placerville City Council and the Board of Directors of the Chamber of Commerce are on record as being opposed to the proposed abandonment by the Southern Pacific Company of its passenger service on the Sacramento-Placerville route.

The City Council, at its meeting on Monday night, adopted a resolution opposing the abandonment and requesting that the railroad commission be asked to keep open for a reasonable time, the hearing upon the rail line's application fo rpermission to discontinue service.

This, it was indicated, will give the city opportunity to assemble facts on which the opposition to the change is based.

Indicating a like stand, the directors of the Chamber of Commerce Monday night went on record as being against the proposed change.

Members of the Board of Supervisors, who met with the City Council and the Chamber of Commerce directors at the courthouse, deferred expressing their attitude on the proposition until their regular meeting on Wednesday of this week.

GARDEN VALLEY LADY TAKEN MONDAY IN PLACERVILLE

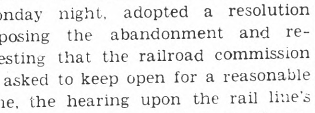
Mrs. Lucinda Croft, 67, wife of George Croft, of the Garden Valley district, passed away Monday evening at a hospital in Placerville.

Mrs. Croft passed away Monday evening at a hospital in Placerville.

Mrs. Croft had suffered a stroke several months ago and although she rallied for a time, her condition failed materially to improve.

The funeral services will be held on Thursday morning at ten o'clock from the Catholic Church at Georgetown. The Rev. Father Myles will have charge. Burial will be at Georgetown cemetery.

A native of Boston, born February 15, 1871, Mrs. Croft came to this county in 1934. She is survived by her husband.



As we went by a certain drink emporium today, we knew that it was Election Day because we were again reminded of the ancient story of Hercules cleaning out the Aegean (?) stables.

Weather Muddles Eastern Vote

Storm May Control Result Of Dewey-Lehman Battle For N. Y. Governorship

NEW YORK, (IP) — In weather as variable as predictions of the outcome, voters in 47 states registered their choices today in the general election testing popularity of the New Deal.

The weather was a factor in many close contests, influencing as it did the size of the vote according to sectional party power.

An outstanding example was in New York state, where one of the closest and most significant contests was waged—generally fair conditions in the predominantly Republican up-state agricultural area favored the effort of Thomas E. Dewey to unseat Gov. Herbert H. Lehman, Democrat endorsed by President Roosevelt. Early showers fell in New York City, where the Democrats tried to roll up a big metropolitan majority for Lehman.

Rain and snow was moving into Michigan, but voters went to the polls in unusually large numbers to decide the fate of Gov. Frank Murphy, whom Mr. Roosevelt endorsed last week.

Voting was reported heavy in Pennsylvania, where Gov. George H. Earle, who inaugurated a "little new deal" of his own in the state, sought the seat of the veteran Republican Senator Jas. J. Davis. The weather was warm and cloudy.

After a record high temperature of 77 yesterday, rain and steel fell in Ohio, where the Bulkey-Taft senatorial race was another outstanding barometer of New Deal sentiment.

LUMBER WORKER BADLY HURT IN ACCIDENT AT FRESH POND

Ray Wakeman, employed by the Placerville Lumber Company at their mill at Fresh Pond as a saw-setter, suffered serious injury Monday in a mishap at the mill and was removed to a Sacramento hospital for treatment.

Wakeman was engaged in setting a saw when in some manner unexplained, that portion of the equipment on which he was standing was set in motion in such a way that Wakeman was thrown onto the saw.

Although the saw was not in operation, he was badly lacerated about the legs and one of his legs was broken in the fall.

Forest Supervisor and Mrs. Edwin F. Smith voted early Tuesday and left for the bay district to spend a few days.

In 1914 I was operated on for my gall bladder and appendix in Hot Lake, Oregon. I was also sick in the U. S. Army in 1914 and tried numerous others without relief.

Finally Mr. T. H. Welch of Auburn recommended me to Dr. Henry Yee. After I had tried your herb treatments for six weeks my gall bladder and liver never bothered me any more. If anybody is sick, I highly recommend you.

You are hereby directed to appear and answer said complaint within ten (10) days after the service of this summons, exclusive of the date of service if served upon you in said County of El Dorado, and within thirty (30) days, exclusive of the date of service if served elsewhere, and

You are hereby notified that unless you so appear and answer within the time specified, these plaintiffs will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the Court for any further relief demanded in the complaint.

Said action is brought to quiet title and remove a cloud from the title of the plaintiffs herein named, in and to all that certain real property situate, lying and being in the County of El Dorado, State of California, known, designated and described as follows, to-wit:

East 271.21 feet to the Northeast corner thereof, a pipe 1 inch diam. 36 ins. long and firmly set in the ground at a fence corner on the north side of said creek and on the south side of said highway.

East 168.54 feet to the Southeast corner of the tract herein described, a copper bar ½ inch diam. 30 ins. long and firmly set in the ground in fence line near the edge of the timber. Thence along the dividing line between the brush and timber from point to point as follows, North 86 deg. 33 min.
